"Faculty Development Workshop for Postgraduate Teachers-Effective Implementation of the Competency Based Dynamic Curriculum (CBDC) M.D. (Homoeopathy) – Part II"

It is proposed to conduct a two-day Faculty Development Workshop on the effective implementation of the new Competency Based Dynamic Curriculum (CBDC) for M.D. (Homoeopathy) Part II, involving approximately 30 postgraduate faculty members representing the three PG Homoeopathic Medical Colleges under Kerala University of Health Sciences (KUHS). Representation will be ensured from the five postgraduate subjects: Practice of Medicine, Homoeopathic Materia Medica, Homoeopathic Repertory & Case Taking, Organon of Medicine & Homoeopathic Philosophy, and Psychiatry.

The M.D. (Homoeopathy) CBDC is structured into two phases of 18 months each. As the first phase (Part I) has been completed for the present postgraduate cohort, the academic focus now needs to shift towards the effective implementation of Part II. This requires emphasis on progressive competency attainment, increasing responsibility in clinical and academic activities, structured supervision, workplace-based learning, continuous assessment, feedback and systematic documentation of learner performance.

Objectives:

- Develop a common implementation framework for M.D. (Homoeopathy) Part II under CBDC across the participating PG colleges.
- Map Part II competencies and EPAs to learning opportunities, supervision levels, workplace activities and evidence of achievement.
- Develop practical approaches for formative/continuous assessment, feedback, remediation and documentation of postgraduate competency.
- Strengthen faculty capacity for systematic dissertation guidance from approved synopsis through data collection, analysis, interpretation, writing and final submission.
- Train faculty in effective use of Rating Scale 8 for continuous assessment of dissertation work by the guide.
- Integrate research methodology, journal club, evidence appraisal, scholarly presentation and publication-oriented academic activities into Part II.
- Prepare subject-wise implementation checklists and institutional action plans for the remaining Part II period.

Duration of Program: 2-Day Offline Workshop.

Date & Time: 5th and 6th November, from 9.30 am to 5.00 pm

Target Participants: Approximately 30 postgraduate faculty members

KUHS, Thrissur

Institutional Representation: Faculty representing the 3 PG Homoeopathic Medical Colleges under KUHS

Subject Representation: Practice of Medicine; Homoeopathic Materia Medica; Homoeopathic Repertory & Case Taking; Organon of Medicine & Homoeopathic Philosophy; Psychiatry.
